

# ASSOCIATE IN ARTS IN ANTHROPOLOGY FOR TRANSFER (AA-T)

Students completing the Associate in Arts in Anthropology for Transfer will be able to seamlessly transfer into the CSU system to pursue a baccalaureate degree in Anthropology. Students completing this degree will have an introductory foundation for the field of Anthropology through the study of cultural, biological and archaeological aspects of human (and related species) existence. Students will acquire skills and abilities in critical thinking and communication and will become more informed about the interconnectedness of people and systems (culturally and biologically). Students will also recognize common features of the human experience around the world and throughout history and be able to demonstrate respect for the rights and views of others.

## Program Outcomes

- Apply anthropological methods and theories to research questions concerning, but not limited to, the following: subsistence, social conditions, diversity, resource management and evolution of human and non-human primates.
