

HISTORY

History is the discipline that studies and interprets past events in light of their eventual outcomes using every tool at its disposal, but focusing primarily on the written record. Students will acquire skills and abilities in the use of both primary and secondary history sources, engaging a diversity of viewpoints in history in a civil and constructive fashion, and evaluating historical sources for credibility and perspective.

The most common career opportunities with a baccalaureate degree include law, business, research, writing, archival work, politics, and teaching.

Transfer requirements in History are available in the Counseling Department. In all cases, students should consult with a counselor for specific transfer requirements.
