

ASSOCIATE OF ARTS IN UNIVERSITY STUDIES IN MATH AND SCIENCE (AA)

This degree prepares students for transfer to a four-year university. Students completing this degree will have an introductory foundation in mathematics and science. Students will gain an understanding of basic mathematical concepts, quantitative reasoning and their application, experimental methodology, hypotheses testing, and the power of systematic questioning. Students will also develop a comprehension of the basic concepts of physical and biological sciences, and a sophisticated understanding of science as a human endeavor, including the limitations, as well as the power of scientific inquiry.

Program Outcomes

- Demonstrate an understanding of science and mathematical concepts relevant to inquiry at the university level by being prepared for transfer into a STEM program.

Transfer & Career Opportunities

The College maintains articulation with most CSU and UC campuses and some private colleges and universities. Course requirements vary between colleges and universities and students are encouraged to consult ASSIST.org (<http://www.ASSIST.org>) and a COS counselor for program planning and course selection. This degree prepares students for baccalaureate majors including, but not limited to: Atmospheric Science, Biotechnology, Computer Science, Engineering, Enology, Food, and Nutritional Sciences, Genetics, Health Science, Hydrology, Kinesiology, Natural Science, Pre-Nursing (B.S.N.), Physics, and many pre-professional majors: Pre-Med, Pre-Dental, Pre-Pharmacy, Pre-Optometry, Pre-Veterinary Med, and Pre-Chiropractic.

Code	Title	Units
GENERAL EDUCATION		30-39

Select one of the following General Education patterns:

California State University General Education (CSU-GE) *

Intersegmental General Education Transfer Curriculum (IGETC) **

College of the Sequoia's Associate Degree General Education (COS GE)

Students completing the COS GE option must complete the minimum 30 unit GE admission requirement for the CSU or UC (consult with a COS Counselor to create student education plan.)

+

Exemptions for High Unit Majors: Students who have met the minimum admissions requirements to a UC or CSU campus in a major such as Science or Engineering, where completion of the CSU GE or IGETC is not recommended due to excessive units, can be granted an Associate degree with the completion of the COS Associate Degree General Education requirements. The PE (section 4A), and HW (section 4B) subject requirements, and the Information Competency (section 5C) requirement will be waived and the additional 3 units required per Title 5 will be met with numerous additional science and math courses required for these majors.

CONCENTRATION - MATH AND SCIENCE 18

Complete a minimum of 18 units with a "C" grade or better, including at least one mathematics course and at least one science course from the lists below. Courses used to fulfill the general education requirements listed above may be counted as part of the 18 unit minimum.
