## Courses Related in Content

Active participatory courses not approved as repeatable, that share a similar primary educational objective in physical education, visual arts, and performing arts are grouped together. Students are allowed four enrollments within each group of courses related in content (CRC), but each course in the group may be taken only once. This limitation applies even if a student receives a substandard grade or is approved to repeat a course due to extenuating circumstances.

In addition, all evaluative and non-evaluative grades count toward the four enrollment limitation and all grades and credits received count in computing the students GPA. The one and only exception is when a course is repeated pursuant to a significant lapse of time, the District may allow the previous grade and credit to be disregarded in computing the student's GPA.

## Course Identification Numbering System (C-ID)

The California Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by individual California Community Colleges. Courses approved for the C-ID program are given a C-ID designation. College of the Sequoias courses with a C-ID designation will articulate with any other California Community College with the same C-ID designation. For example, ECON 040 has been approved for C-ID ECON 202 so ECON 040 is indirectly articulated with all other California Community College courses approved for C-ID ECON 202. In addition to the community college to community college articulation, a course with a C-ID course designation will articulate with California State Universities that have approved articulation with that C-ID designation. To access the CSU courses that have been identified by CSU campuses as comparable to C-ID descriptors visit the C-ID Web Site at [www.c-id.net](http://www.c-id.net) (<http://www.c-id.net>). You can search for courses by discipline or CSU campus.

Course requirements vary between colleges and universities and students are encouraged to consult the ASSIST database at [www.assist.org](http://www.assist.org) (<http://www.assist.org>) and a COS counselor for program planning and course selection. Students may also consult the ASSIST database for specific information on C-ID course designations for all California Community Colleges. College of the Sequoias lists all C-ID course designations parenthetically after each course description in this catalog.
